Furthermore, updating your school’s mascot and uploading a school burgee will enhance the presence of your team in the Tech Score results. Schools that do not follow this procedure can expect to be awarded a scoring penalty this Spring at NESSA regattas.

**Motion to accept secretary’s report was approved without objection.**

## **B. TRESURER'S REPORT – Rob Hurd**

- In August, NESSA hired Bottom Line Bookkeepers (Hyannis, MA) to be the professional organization to manage our funds.
- At the special meeting (June 2015), it was decided that the turnover in NESSA officers had left our bank account and finances too open and unpredictable. A professional book keeper would help us track what we owned, what we owed, and give us a more permanent mailing address.
- Rob Hurd has used Bottom Line for years in his roles as Administrator of the Southern Mass Sailing Association. Furthermore, BLBK does the books for NEISA, so they are well versed in the needs of a high school/college organization.
- It has taken a few months to rectify the books, gain access to all the accounts, but we are moving forward.
- We presently have more dues collected than at this time than in the past 6 years.
- A mailing will be going out to all schools that are in-the rears in November designed to collect all NESSA dues by the first of the year.
- Copies of the Balance sheet and P/L statement available upon request.

### **Questions:**

1. Will the Treasurer be getting regular updates from the bookkeeper?
  - Yes, quarterly or monthly, whatever makes sense.

**Motion to accept Treasurer's report was approved without objection.**

**C. VICE PRESIDENT'S REPORT – Chris Crane**

**Championship Regatta, April 26, 2014 – [St George's School/Ida Lewis YC](#) (Newport, RI)**

18 schools in C420s

REGATTA HIGHLIGHTS: Newport, RI - Teams arrived to find sunshine and a light northerly. Despite the forecast of a dying breeze, the RC started as quickly as they could eager to get in some racing before the breeze shut off. Thankfully, it never did. Instead it shifted to the sea breeze and built in intensity of the course of the day. The changing conditions did not bother the Brunswick School Bruins, who won the first two races and never looked back, despite a fierce charge by the Hotchkiss School. In the end, Brunswick, Hotchkiss, St George's and Manchester-Essex RHS qualified to represent NESSA at the ISSA Fleet Racing Nationals for the Clifford Mallory Trophy May 8-10th at the US Naval Academy in Annapolis, MD. Jack Perkin '17 & Andrew Kjorlien '15 (Brunswick School) won A-Division. Parker Loftus '16 with Sarah Noyes '15 and Caroline Bracken '15 (Tabor Academy) won B-Division.

Much thanks to the St. Georges' head coach Roy Williams and his sailing staff, Kate Wilson (Middletown HS/Rogers HS), Chris Conley (Tabor Academy), Andrew Nugnes (NESSA President), and Chris Crain (NESSA VP) for running the races and to Judges John Mooney, Katie Mooney, and Oakley Jones for helping the competitors navigate their disputes.

**Two Qualifying Sites:**

1. [Mass Maritime Academy](#)
2. [Indian Harbor YC](#)

**Championship Regatta, – MIT (Cambridge, MA)** 18 schools in FJs & Fireflies

REGATTA HIGHLIGHTS: A perfect day on the Charles with the wind funneling down the length of the river. Racing started promptly at 1000 and the RC work tirelessly to get in a full rotation of races before the time limit. The conditions, the pace of racing, and the heat, tested the will and skills of the ladies, but

all the teams rose to the occasion. In the end, North Kingstown HS (RI) edged out Tabor Academy for the 2015 NESSA Women's Championship (Rebecca Herreshoff Trophy). Kelsey Shakin '15/ Nathalie Cavallo '16 (Tabor) won A-Division. Marina Barzaghi '17/ Adeline Sutton '17 (NK) handily won B-Division. Much thanks to Mark from MIT for being the perfect host, NESSA President Andrew Nugnes and NESSA VP Chris Crane, for running the RC, and to the dozens of mothers who came to watch their daughter race on Mother's day.

## **II. Fall 2015**

### **4. 2016 NESSA Single-handed Championship (Healy Trophy)**

**October 3-4, 2015. Postponed to October 11, 2015 (Wickford YC)**

Results – [Radial](#)

Results - [Laser](#)

REGATTA HIGHLIGHTS: Perfect conditions greeted 26 Laser sailors in Wickford this morning, 6 Full rig and 20 Radial. A 8-10kt southerly gradient breeze was already established by the 0930 beach launch allowing racing before the sea breeze came on midday. SSW sea breeze built to a puffy and shifty 14-16kts keeping competitors and Race Committee busy.

Each fleet sailed 8 Windward/Leeward courses. The first race was a W2 and got off clean. The Radial fleet got competitive early with the Race Committee going to the I flag in race 2 after a general recall. Race 2 was interesting with the RC changing things up by going to W1 and 15 Radial competitors not realizing the change, regatta leaders among them. Racing settled down with both eventual class winners showing impressive consistency.

Congratulations to Radial fleet winner Christiana Sakellaris of Milton Academy along with Caleb Jones of Falmouth High School and Jessica McJones of Portsmouth Abbey moving on to represent NESSA at the Cressy at ODU along with Richie Gordon of Ridgefield High School, John Kirkpatrick of St Georges School and Cooper Siepert of Cape Elizabeth High School in the Full Rig fleet.

NESSA Annual Meeting Minutes (2015-10-25)

## **D. PRESIDENT'S REPORT – Andrew Nunges (2006-2015)**

Dear NESSA, Farewell my friends

This is my last official President's Report, as I am passing the torch after 10 years as an officer, and apologize for missing my 1st ever annual meeting. I never would have imagined, looking back, being able to work in an organization whose one purpose is to give a student an opportunity. I've spent the last seven weeks in the land locked hills of Northern California, and now fully appreciate that the opportunity NESSA provides a student is a chance to sail. NESSA has grown leaps and bounds since I was a freshman in high school....1994 yikes I'm old. All joking aside NESSA was predominantly a private school's sport in the early 90s and has grown in population to break 100 members, private (independent) and public this season.

I've had the pleasure of meeting all of the fantastic coaches, ADs, volunteers and parents who all work so hard, dedicated to the same cause -providing the opportunity to sail.

I'm a huge believer in tradition and have followed the path the founders of NESSA laid before us. If you ever lose the spirit of NESSA's traditions, or get overcome by the ISSA/NESSA bylaws, I urge you to go spend five minutes with Toby Baker. He'll get you back on track. NESSA is being left in great hands. Many of you present today will hear proposals to get more coaches/volunteers involved with the organization. As in any organization, many hands make light work and NESSA has grown to the point in which it simply cannot be accomplished with only three or four officers. Get involved in some aspect and do not be afraid in running an event your way. Make sure to ask a lot of questions however. All in all, drop the marks close to square as possible, set the line, and start the races.

I wish you all the very best this season and remember it's for them. Just keep providing that opportunity to sail! May the road rise to meet you, may the sun shine soft upon your face, a fair wind at your back, and until we meet again... SAIL FAST

NESSA AIN

### **3. OLD BUSINESS**

#### **A. ISSA Report (ISSA Annual Meeting @ ODU on October 30, 2015)**

#### **B. ISSA PR 2.5 (Team Uniforms/Pinnies)**

*PR 2.5: Team Uniforms - All student-athletes competing in district regattas that qualify to a National Championship, and competing in ISSA National Championship regattas (Cressy, Baker, Mallory), shall wear a uniform designating their high school. The uniform shall be a pinnie (similar to a thin T-shirt) worn over the lifejacket, or a lifejacket with the school's designation on the back. To designate the high school, any combination of the high school's name, nickname, mascot, or other identifying image shall be present on the back of the uniform and, except for an individual's name or number, shall be the same for all competing team members. The image used to designate the high school shall be at least 8" X 8" in size.*

#### **C. Tech Score:**

In order to compete this spring and going forward, all schools are required to do the following:

- A. Register all sailors in their database at least 36 hours prior to competition
- B. Upload their school burgee to the database

**D. PFDs. Questions:** A reminder that only USCG PFDs are required. Has there been a problem with Buoyancy Aids (BA)? Not a problem, but a reminder that it is eligible under ISSA PRs and therefore subjected to a scoring penalty. No one really wants to assign a penalty so it is better to educate first.

NESSA Annual Meeting

## 4. NEW BUSINESS

### A. Proposed change to NESSA By-law Section 1, Article D: Article D: Officers shall be deleted and replaced with the following:

#### Article D: Executive Committee

Section 1. The organization shall be governed by an Executive Committee (ExComm).

- a. The ExComm shall be comprised of a representative from each of the seven sailing leagues within NESSA (Cape & Islands, Coastal Sailing Alliance, Fairfield County, Maine, Mass Bay, Connecticut, Rhode Island) as well as two (2) At-large members.
- b. The League representatives shall be appointed by their respective league and shall have a term of two years.
- c. The At-large members are elected by a vote of the membership, and shall have a term of two years.

Section 2. The ExComm shall appoint a President, Vice-President(s), Secretary/Treasurer, and NESSA Event Chairs from its membership.

- a. The President of NESSA has overall responsibility for the organization. They are a NESSA representative to the ISSA Board, run the NESSA annual meeting, and assist the other officers in the carrying out their duties.
- b. The Vice-President(s) of NESSA is/are in charge of Race Operations. They work with the various Event Chairs to make sure all NESSA Regattas are run properly. When the President is absent, a Vice-President fills that role.
- c. The Secretary/Treasurer is in charge of maintaining accurate and up-to-date membership records as well as maintaining and updating the website and other forms of communication with the membership. The person is also in charge of collecting dues and paying all organization bills.
- d. The Event Chairs are in charge of running the NESSA regattas within the guidelines of the ISSA PR and in coordination with the NESSA Vice-President(s).

#### Questions:

1. **Expiring terms.** Need to make sure that not everyone expires at the same time. At-Large members will stagger depending on the vote. The League Reps should set a schedule for terms expiring once or if the ExComm is formed.
2. **Voting:** There was a discussion on voting privileges between new members and regular members. It was decided that the ExComm should address Section I, Article C: Membership, and come back to the membership at the next Annual Meeting with a By-Law proposal that makes it easier for a New Member to become a Regular Member.

**Motion carried by voice vote.**

**B. Nominating Committee Report and Elections:**

**ExComm Appointments & Election:**

Cape & Islands: ..... Andrew Burr (Martha's Vineyard RHS)  
Coastal Sailing Alliance ..... Chris Crane (Moses Brown)

NESSA Annual Meeting Minutes 2015-10-25

### **C. Proposal: Use of 8<sup>th</sup> graders in league competition (Andrew Scivan)**

Proposal: Allow 8th graders, from eligible schools, to sail in any local league or NESSA event that is not an ISSA National qualifier.

Problem: There are schools within NESSA that face significant challenges to acquire enough team members to be competitive. Small schools, all girl schools, all boy schools, and the geographic location of some schools can all pose serious hurdles to a school that is trying to start up a team, build a healthy and sustainable program and ultimately support a roster with enough sailors that can represent a school at events.

Solution: Schools that have less than 400 students in their high school or upper school are eligible to use 8th graders in any local league or NESSA event that is not an ISSA National qualifier.

Reasoning: By allowing 8th graders to represent a school at a regatta a team can attain a critical mass to compete, gain experience against larger programs and gain traction with a larger roster so that a healthy program can be created, sustained and ultimately expanded. High school sailing is a highly effective avenue for hundreds of sailors each year into the sport of sailing. By allowing 8th graders to compete we not only open a door for this specific criteria of sailors, but in some cases will allow an entire team to form and participate in regattas.

I believe that the benefits of allowing 8th graders to help form a roster for a small team highly outweighs any negatives to larger schools with well-established programs.

#### **Discussion:**

- Andrew was not in attendance to present his proposal
- Question about the terminology; wording does not mirror old proposal that dealt with integrated athletic program.
- Right now, 8th graders are allowed to be part of a sailing team (if the school allows it), can practice with the team, and can compete at sub-varsity levels. Not sure what this proposal changes?
- Seems like a local issue.

#### **Outcome:**

- The proposal was tabled.

**D. Discussion on the number of Fall Intersectional a team is allowed to compete in.**

Question: If a school qualifies for the GOR, Fall ACCs, and NKBI, should they be allowed to compete in all three, or should they have to choose one thereby opening up opportunities for others to have an experience?

**Discussion:**

- Has there been a problem? No
- Fewer schools sail in the fall, do we want to limit them? no
- Top teams should go to the events they qualify for.

**Outcome:**

- The consensus of the group was that there is no need for a change.

**E. NESSA to Host 2017 Mallory.**

- NESSA is seeking bid proposals between now and December 1, 2015 at 2359.
- Preference will be given to locations that can put both fleets on the water at the same time (40 boats)
- Dates: Friday May 12 – Sunday May 14, 2017
- The ISSA Bid proposal form will be submitted to the membership via e-mail for schools who are interested in submitting a bid.
- ISSA [General Conditions](#) and [Mallory Conditions](#)
- Next National Championship in NESSA – 2018 Baker

**5. ADJORN - 1205**
